Happy Clients

FOOTASYLUM.

“Fantastic company to work with. I have been working daily with Psycho Peacock for 3 years now and they always make themselves available for a call or an email to answer any queries or questions we have regarding materials, lead times and activation space planning. Regardless of the idea or the size of the project they will come up with solutions and make it happen.

The most important thing is they are with you throughout the entire process, from start to finish. I have to also give a shoutout to Lauren who me and my colleague speaks with daily, who goes above and beyond to make our ideas come to life (and are delivered on time).”
